Who am I?

- Shinji Enoki (榎真治)
- A member of LibreOffice Japanese Team(2011-)
- A member of The Document Foundation (2014-)
- Activity: organize events, grows community, sometimes QA
- TDF certified migration professional

2010

- There were no LibreOffice founding members from OpenOffice.org Japanese community.
- Of course, when LibreOffice was founded, kohei was a member

2010: LibreOffice Community Launched

- From the OpenOffice.org community
 - Matuaki, Meguro, Annoura, Takizawa, Endo, Enoki...
- People who left the OpenOffice.org community have returned
 - Ikuya, Nakamoto, Kamataki, Kato,...
- New contributors participated
 - Abe,.. other OSS contributor

2010

- Start from the discussion on the mailing list
- Many topics are about translation
- We have relationships with other OSS communities

LibreOffice 1st event in Japan

OpenSource Conference 2011 Kansai@kobe

OSS desktop at Local government, LibreOffice BoF

photo: OSC website:

<https://www.ospn.jp/press/20110516osc2011-kobe-report.html>

The Japanese team was launched

- The Japanese team is not the whole of the Japanese community
- The Japanese team mainly holds events

Takeshi Abe

LibreOffice Conferene 2011 Paris

Use case 1: 2011-10-04 sw

```
$ find log/sw -type f -name '*.U' -print0 > sw && diag file -I 10 -i sw
number of entries: 1699
= cluster 0:
log/sw/source/ui/inc/wfrmsh.hxx.U
log/sw/source/ui/inc/wtabsh.hxx.U
= cluster 1:
log/sw/source/ui/inc/precompiled_sw.cxx.U
log/sw/inc/chcmpse.hxx.U
log/sw/inc/linkenum.hxx.U
log/sw/source/ui/vba/vbafont.hxx.U
= cluster 3:
log/sw/inc/fldupde.hxx.U
log/sw/source/core/doc/swstylemanager.hxx.U
= cluster 4:
log/sw/inc/SwCapObjType.hxx.U
log/sw/source/ui/vba/vbatables.hxx.U
= cluster 5:
log/sw/source/ui/vba/vbapalette.hxx.U
log/sw/source/filter/xml/DocSettingNames.hxx.U
```

LibreOffice Conference 2011:Paris

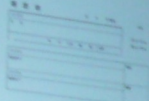

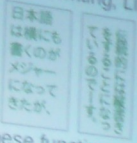

- From Japan: 5 members
- Omori-san intended to join the Japanese team
 - Omori-san got a sponsor of Japanese team goods and always manages the booth kit

2012

- Ogasawara-san joined the LibreOffice Japanese team
- Aizuwakamatsu City announces full migration from OOo to Libo
 - It is also influenced that Meguro-san report and fixed for the community about the problem of the extra character(gaiji) problem.

Naruhiko Ogasawara

LibreOffice Con 2012 Berlin

- There are several language/regional/cultural specific functions
 - Vertical writing, Line styles, ...

日本語は縦にも書くのがメジャーになってきたが、
「縦書き」や「横書き」の切り替えが面倒で、
「縦書き」や「横書き」の切り替えが面倒で、
「縦書き」や「横書き」の切り替えが面倒で、

Japanese forms (e.g. Resume) contains lots of lines so Japanese is a most heavy spreadsheet users.
 - These functions aren't tested enough globally
 - So we need local QA for such functions.
 - Currently, nothing...
- What Can We Do?
- Any Good Case Studies?
